After consultation with Grand Admiral Sundara, Executive Officer for the Amarr Navy, and Ministry of War Chief of Staff Divine General Perimum Aryn, a decree from the Imperial Court Chamberlain regarding the Drifter threat and response to events that transpired on Friday, August 21st YC117 in the Imperial system of Safizon is laid out as follows.

As a result of the murder of Her Royal Highness Empress Jamyl I and the unprovoked attack on the Holy Amarr Empire, her lands and her people, by forces recognized on an interstellar level by the signatories of the Yulai Convention as “Drifters”, the Imperial Armed Forces find no action more appropriate than direct and full response to the Drifter threat to Holy Amarr.

On the morning of August 22nd YC117, Grand Admiral Kezti Sundara addressed an assembly of Executive Officers of the Imperial Armed Forces, Ministry of War and leaders of The Theology Council, outlining the threat posed by Drifter forces to the Empire. The threat to Holy Amarr and to God’s chosen was deemed to be absolute.

This release is to confirm that by decree of the Imperial Court Chamberlain, Lord Pomik Haromi, as of 11:00 EVE Standard Time on August 25th, a full state of war exists between Drifter forces, and the Holy Amarr Empire.

All divisions of the Imperial Armed Forces have been issued Executive Orders containing instruction that their primary objective is the defense of the Empire’s borders, her people, and God’s will.

Lord Pomik Haromi

Office of the Court Chamberlain
